# Key Points

- Snow begins:
  - Mountains and high valleys – late Christmas morning into the afternoon
  - In/near Foothills & I-25 Urban Corridor – Christmas afternoon into early Thursday evening – heaviest Thursday evening
  - Eastern Plains – Christmas Evening
- Travel becomes hazardous soon after snow begins as temperatures drop well below freezing
- Stay up to date with latest road conditions and possible travel restrictions at [www.cotrip.org](http://www.cotrip.org)
- Snow decreases:
  - Friday morning, but many areas may see light snow/flurries through the afternoon and early evening hours on Friday.

# Impacts

- Travel becomes hazardous Christmas afternoon and evening as snow accumulates on roads

- Slick & Snow packed roads through Friday/Friday night
- North winds 15-25 mph east of I-25 producing some blowing & drifting snow
- Reduced visibility during heavier snowfall Thursday evening
